CHIEF COUNTY ASSESSMENTS OFFICER ANNUAL EVALUATION PROCESS

Chairman Bagby noted that this item was for a continuation of the discussions the Committee had at last month's meeting regarding conducting an evaluation of the Chief County Assessments Officer (CCAO) Robin Brunschon.

The Committee reviewed the potential survey that would be sent out to Township Assessors asking them questions about the CCAO and the Assessor's Office in general. Committee Members suggested adding a couple questions and eliminating some of the items that were on the survey that did not apply. It was additionally suggested that the Assessors put the year they took office as a way for the Committee to gauge how long they have interacted with the office while serving in their role.

Chairman Bagby additionally asked County Administrator Gary Hanson if he would come to their next meeting to help provide his feedback to the Committee as well.

The Committee came to a consensus that they would like to have the updated survey send out to all of the individual Township Assessors in order to have the responses back for review at their next meeting. Additionally they requested that Ms. Brunschon provide them a self-evaluation and Mr. Hanson be available to provide his assessment in Executive Session next month. Chairman Bagby noted that after the evaluation was completed, a week or so later, Mr. Hanson and he would meet with Ms. Brunschon to provide her with the results of her annual evaluation.

Lastly, as requested, the Committee was provided with the results of a salary survey that went out for salaries of County Assessors throughout the State of Illinois. The Committee briefly reviewed the salaries information.

COUNTY TAX EXTENSION PROCESS

The Committee welcomed County Clerk & Recorder Doug Johnson to provide them with an overview of the County's Tax Extension Process. Mr. Johnson introduced Ms. Diane Chappell who is the Tax Extension Clerk for DeKalb County. He additionally shared that from his experience with Counties all around the State of Illinois, Tax Extension Clerks do a lot of work that no one ever really knows about. A large majority of the work is basic calculations and arithmetic as well as keeping track of numbers which can be a bit of an art form. Mr. Johnson shared that most County Clerks are scared to death of their Tax Extension Clerks walking out the door or falling ill, which he has seen happen in other Counties and it is not good at all.

Mr. Johnson provided a handout to the Committee which went into detail about the Tax Extension Process but he wanted to give a simple explanation that the Board Members can use in the instance that they were asked questions from members of the public. Mr. Johnson stated that the County Clerk's Office collects all of the budgets and levies from all of the taxing bodies in DeKalb County. They then receive the assessments and exemptions from the Assessor's Office. The Tax Extension Clerk then take those two items, calculates the tax rates for every taxing district in the County, and then they extend those rates to the County Treasurer's Office. The Treasurer mails out the property tax bills and collects tax revenues for all the taxing districts in the County. Mr. Johnson noted that that may seem simple and plain (which it isn't necessarily) but for a straight forward answer, that is the way the extension process works.

The Committee and Mr. Johnson additionally discussed the timeline of the property tax process and how long the Clerk's Office had before rolling to the Treasurer. Generally the Assessor's Office has rolled to the Tax Extension Clerk in March and the goal they have had is to roll to the Treasurer by April 1st.

Mr. Johnson shared that last year DeKalb County Clerk's Office hosted a meeting with several of the area Tax Extension Clerks and they networked, went over laws, and had a few experts come in from the Department of Revenue. He noted that it was very beneficial for the group to get together and discuss different situations that they face and learn from one other's experiences.

Mr. Johnson lastly added that DeKalb County works very well with the surrounding Counties and even within the County, the Assessor's Office, the County Clerk's Office, and the Treasurer's Office all communicate very well with one another which is extremely helpful and keeps the property tax process running smoothly.

COMMITTEE MEMBER COMMENTS

Mrs. Haji-Sheikh shared that her husband is a Professor at the College of Engineering and Engineering Technology at Northern Illinois University and he runs a Clean Room. She explained that most residents of the County don't even know that this Clean Room exists. Mr. Haji-Sheikh has invited the Committee to come and tour the facility. In doing this though, the Committee would potentially have to have their meeting location at NIU or have a special meeting which could be accommodated Mrs. Haji-Sheikh shared. Chairman Bagby noted that this is something they would work on in the upcoming months and would let the Committee know when they may be able to tour the Clean Room at NIU.

Chairman Bagby additionally provided some upcoming dates to Committee Members for some free webinars and economic development-related events. Additionally he briefly mentioned that he was going to be talking with the Board Chairman to possibly have an Illinois Bicentennial celebration at the Egyptian Theatre later this year to help add to the exposure of the theatre.

Lastly, Chairman Bagby noted that next month Christine Johnson, the County Treasurer would be there to provide her role in the property tax process and the Committee will also go into Executive Session for the CCAO's annual evaluation.

ADJOURNMENT

It was moved by Mr. Faivre, seconded by Mrs. Haji-Sheikh and it was carried unanimously to adjourn the meeting.

Respectfully submitted,

Chairman Tim Bagby
