PUBLIC DEFENDER'S REPORT

DeKalb County Public Defender Tom McCulloch joined the Committee to place of file is monthly report. He additionally added that looking at the report that was just placed on file ending December 2017 totals compared to the report totals ending December 2016, the office opened 523 more files than they did a year ago and closed 357 more files than they did a year ago. He added that it was a busy year.

Mr. McCulloch additionally briefly discussed his employee's Paid Hours Off (PHO) balances as of 2017. The issue is, the employees are being told that they need to use their PHO's or they are going to lose them (because they have accumulated over the maximum amount) and for the amount that they need to use, the Office is going to have a hard time keeping up with them gone so much.

COURT SERVICES REPORT

Chairman Leifheit shared that Ms. Gilmour was unable to attend the meeting due to illness but her reports were on file with the County and were distributed to the Committee Members. There were no significant changes to her reports other than the numbers for juvenile detentions were currently down.

CORONER / ESDA VEHICLE POLICY

DeKalb County Coroner and ESDA Director Dennis Miller was recently questioned about his department's vehicle policy. Mr. Roman asked if there was a vehicle for the Coroner's Office and how often are transports done by other facilities (i.e. Funeral Homes). Mr. Miller shared that the County purchased first purchased a vehicle for the Coroner's Department in 1990. Mr. Miller additionally provided a spreadsheet that detailed that since 1986, he has contracted with Funeral Homes to do 384 transports. Since 1990, the County Vehicle has made 1,524 transports. Mr. Miller shared that he has saved the County over \$500,000 since 1990 doing his own transports.

Mr. Roman continued to express that in his mind, if the vehicle is for the Coroner's Office, then he would think all of the Coroner Deputies should have access to that vehicle. Mr. Miller shared that he does 95% of all calls himself and transports and that his Deputies do have access to the County vehicle 99% of the time.

It was also clarified that the Coroner's vehicle is on a seven-year rotation cycle just like the Sheriff's squad cars and there are currently five Deputy Coroners.

There were no other additional concerns and the Committee thanked Mr. Miller for answered their questions.

ELECTRONIC HOME MONITORING SYSTEM VIOLATION PROCESS

Sheriff Roger Scott and Chief Joyce Klein joined the Committee to provide some additional details regarding recent inquiries regarding a case where it was reported that an individual traveled to unauthorized locations 22 times in November and December while on electronic home monitoring.

Chief Klein provided the Committee with a history of the violations and how their department responded. The Chief additionally shared that the EHM System worked as it was supposed to. On November 29th, the first day the individual went to an unauthorized address, the Deputies warned him about the rules. Although there were 22 violations, each visit to an unauthorized address counts as a violation. These violations took place over a period of six separate days, most over the weekend when the individual says he was working for his father, although that was not approved. After being warned by Deputies on December 12th, there were no further violations. Chief Klein reiterated that the Deputies did was they needed to do.

It was also clarified that there are two Deputies responsible for monitoring more than 80 individuals on EHM, The Deputies are not only responsible for monitoring reports of where people go , but also collecting fees and affixing the monitors to this in the system. The Sheriff also reminded the Committee that at the start of last year's budget writing process, he has asked for a third Deputy for the EHM, but when it became clear he was going to have to cut more than \$250,000, he did not bring the request up again.

Sheriff Scott and Chief Klein additionally explained that there are different levels of restrictions for individuals who are on EHM. Who is on EHM and what those levels are set at are all determined by the Courts, not the Sheriff's Department. The individual in question, was not on the strictest level. If he had been given exclusion zones, areas he's not allow to set foot into, he wouldn't have been arrested on the spot as that violation is treated like a 911 call.

Note: These minutes are not official until approved by the Law and Justice Committee at a subsequent meeting. Please refer to the meeting minutes when these minutes are approved to obtain any changes to these minutes.

Sheriff Scott added that the reason he and Chief Klein joined the Committee to address these concerns was because anything that happens in the Sheriff's Office is his responsibility, whether it is EHM or patrol of the jail. He added that he has several quality people who work with him to handle all the individual things that they do but it is a short chain of command, the office doesn't operate as a huge bureaucracy. The Sheriff and the Chief

Board Chairman Pietrowski, who had initially requested an explanation at the last Executive Committee Meeting, thanked Sheriff Scott and Chief Klein for coming to the Law & Justice Committee in order to gain more information on this incident. He added that there is always more to the story and although he was initially mad about this situation when it was reported, he was now glad to know more about it. Chairman Leifheit and the Committee additionally agreed with Mr. Pietrowski's comments.

ADJOURNMENT

It was moved by Ms. Askins, seconded by Mr. Plote, and it was carried unanimously to adjourn the meeting.

Respectfully submitted,

Chairman Dianne Leifheit

Tasha Sims, Recording Secretary
