

Preliminary Engineering Services South First Street Box Culvert

Overview:

The DeKalb County Highway Department is in need of Phase I & II engineering services for the replacement of the South First Street double 9 ft x 7 ft R. C. box culvert located on the south leg of the intersection with Gurler Road over the Afton DeKalb Drainage Ditch #5 on the southwest side of DeKalb, IL. The project is expected to involve wetlands.

Consultant Scope of Services:

Phase I & II preliminary engineering services are needed for all necessary work to prepare the plans, specifications and estimates (PS&E) package. Specific tasks include but are not limited to:

- Data collection and survey
- Environmental studies coordination
- Prepare contract plans and project special provisions/specifications
- Prepare estimates of cost and time
- Right of Way acquisition including Highway Plats and Legals

Phase I & II engineering are expected to be completed for a spring 2020 letting. The construction cost for this project is estimated to be \$400,000.

Project Parameters:

1. Preliminary Engineering will be funded with County funds only.
2. The prime firm must be IDOT prequalified in the following categories:
 - Structures: Highway-Typical
3. Construction will be funded with County funds only.
4. The construction contract will be awarded by DeKalb County.

Statements of interest are due by February 8, 2019 by 3:00 pm and may either be mailed to:

Mr. Nathan F. Schwartz, P.E.
DeKalb County Engineer
1826 Barber Greene Road
DeKalb, IL 60115

or sent via email to: highway@dekalbcounty.org

Shortlisted firms will be notified by mid-February 2019. A statement of qualifications will be requested from each shortlisted firm.
