\*Successful completion of a comparable state-approved educator preparation program is recommended, but not required, for issuance of the educator license with stipulations. Before the professional educator license can be issued, evidence of completing a state approved program must be provided.

\*\*The educator license with stipulations endorsed for a provisional educator (valid for 1 year) may be exchanged for the professional educator license for no additional fee if all deficiencies are fulfilled within one fiscal year.

\*\*\* If the edTPA *has* been passed as part of a teacher preparation program in another state, have official scores sent to ISBE and use [form 80-01A: Out-of-State Applicant Verification of EdTPA](#).

If the edTPA *has not* been passed at the time of application, one of the below options may be utilized:

1. If the educator meets the requirements for the provisional license (ELS-PEDU) and this license is issued, the educator may complete the edTPA while teaching on this license.
2. The educator can enroll in the student teaching portion of an educator preparation program and complete the edTPA during this time.
3. The educator can provide evidence with his/her application of having at least three years of full-time teaching experience and having achieved a “proficient” or higher (or equivalent) rating on his/her most recent performance evaluation. Use [form 80-01: Out of State Applicant Request to Waive EdTPA](#).

All coursework must be completed at a regionally accredited institution of higher education.
