FOR IMMEDIATE RELEASE

VA to provide capability for Veterans to access their VA health data on Apple iPhones

WASHINGTON — The U.S. Department of Veterans Affairs (VA) will release new capabilities this summer providing Veterans who receive care at VA with the ability to access their personal medical data using the Health Records on iPhone feature from Apple.

Veterans will see an aggregated view of their allergies, conditions, immunizations, lab results, medications, procedures and vitals in the Health app on their iPhone. Health Records on iPhone also brings together hospitals and clinics outside VA with the existing Apple Health app. Veterans can see their available medical data from multiple providers, including VA, whenever they choose.

This new capability has been made possible through the recently announced Veterans Health Application Programming Interface (Veterans Health API). This Veterans Health API allows Veterans to access their health records within innovative applications on their mobile devices or in ~~their web browser~~.

"Our Health API represents the next stage in the evolution of VA's patient data access capability," said VA Secretary Robert Wilkie. "By building upon the Veterans Health API, we're raising the bar in collaborating with private sector organizations to create and deploy innovative digital products for Veterans. Veterans should be able to access their health data at any time, and I'm proud of how far we've come to accomplishing this."

Launched in 2010, VA Blue Button, a feature of My HealtheVet, opened the door for Veterans to download a copy of their VA health records online. The new capability using VA's Health API and Apple's Health app furthers VA's commitment to make it easy for Veterans to securely access their own health data.

Veterans with Apple iPhones will be able to access the app on their device. After a visit to a VA health care facility, the participating Veteran's Apple device will automatically receive updated health record information within 24 hours from the visit using the built-in Health app from Apple on their iPhone.

Beyond the effort on the Apple iPhone, VA looks forward to partnering with others to bring similar capabilities to other mobile platforms.

Lighthouse, considered the "front door" to VA's vast data stores, is the department's API management platform. Since launching Lighthouse in March 2018, VA has delivered a developer portal, a Benefits Intake API, a Facilities API and a Veterans Health API. VA's Veterans Health API is part of VA's commitment to health IT modernization, and will contribute to VA's expansive electronic health record modernization program.

For more information about the Veterans Health API, visit https://developer.va.gov/explore/health.

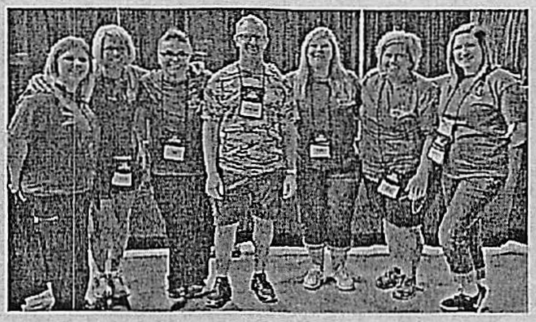
Veteran's First



The Illinois State Dental Society Foundation will give priority status to 250 U.S. veterans at its Mission of Mercy scheduled for June 26-27, 2020, at Rock Valley College's Physical Education Center in Rockford, Illinois.

In 2020, ILMOM will screen up to 250 veterans beginning at 1:00 pm on Thursday, June 25, after the clinic is set-up. These pre-screened veterans will receive priority status upon the clinic opening on Friday, June 26.

The Illinois Mission of Mercy (ILMOM) provides free dental care to patients who otherwise do not have the means or access to care. The clinic is set up in a convention center or school and patients are seen on a first-come, first-served basis until capacity is met. There are no criteria or limitations on who may be treated other than they must meet the minimum health standards. It takes 1,000 volunteers to run the clinic. No one is paid for his/her time or talents.

Program Details:

The ILMOM Program Coordinator and Local Arrangements Committee members will communicate with the local Veterans agencies and clubs (County Veterans Assistance Commissions, VFW Posts, and American Legion Posts) to inform them of the Veterans First Program.

The ILMOM Coordinator or members of the ILMOM Local Arrangements Committee will be available to speak with Veterans groups about the Veterans First Program. In addition, printed materials will be distributed to the County Veterans Assistance Commission.

Veterans should present at the Rock Valley College Physical Education Center between the hours of 1:00 pm – 4:00 pm on Thursday, June 25. Signage will direct them to the correct entrance.

Each veteran must present his/her DD214 or appropriate identification ID card to prove that he/she is a U.S. veteran. The veteran can present any one of the following to prove veteran status:

- Department of Defense Identification Card
- Veteran Health Identification Card
- Veteran Identification Card
- Veteran's identification on a state-issued identification card
- DD214 (discharge papers) and photo identification

Each veteran presenting for the Veterans First Program on Thursday, June 25, will receive a numbered armband corresponding to the number on his/her Registration Record folder. The veteran must wear the armband upon presenting to the clinic the following day so that the record folder can be easily located. If a pre-screened veteran presents to the clinic on Friday, June 26, without an armband, he/she may have to re-do the registration, screening and triage.

The Veterans First Program will include the following ILMOM services on Thursday, June 25:

- **Registration**
- **Medical Triage**
- **Dental Triage**
- **X-Rays**

The screening on Thursday, June 25, will begin at 1:00 pm and conclude at 5:00 pm.

Each veteran's Registration Record will correspond to the number on his/her armband. The Registration Records will be stored numerically in file boxes and secured at the clinic site until the doors open on the first clinic day, Friday, June 26.

Each pre-screened veteran will be instructed to enter or line up at the Veterans First entrance from 5:30 – 6:30 am on Friday, June 26. The veterans will receive priority entry to the clinic and enter via a different door than the general public.

Veterans who arrive later than 6:30 am will need to enter at the end of the general public line.

Upon lining up at the Veterans First door, Line Volunteers will distribute folders to the veterans, matching the individual veteran's folder to his/her armband number. Each Veterans First participant will receive his/her Registration Record, and a clipboard.

A Line Volunteer or Registration Volunteer will monitor the Veterans First entry door and ensure patients are appropriately escorted. Ten veterans will be admitted at a time beginning promptly at 6:00 am.

All Veterans First participants must be seen again in Medical Triage on Friday, June 26, 2020. Upon clearance in Medical Triage, veterans will be escorted to Dental Routing and then to the clinical waiting area or directly to a treatment chair.

The Veterans First armbands will be a different color than the general public armbands so that volunteers can easily identify Veterans.

Line Volunteers for the general public should be watchful for Veterans First armbands to ensure that veterans enter the correct line.

When treatment is completed, each veteran will be escorted to the Patient Exit Interview station for processing.

Please join us in June in saluting our veterans at Illinois Mission of Mercy in Rockford!

ADA.

The Village of Oswego and The Fox Valley Veterans Breakfast Club presents:

The Wall of Honor

Remember the Sacrifices

Desert Shield | Desert Storm | Iraq | Afghanistan

Oswego Honors Veterans is a week long tribute and an amazing way to remember the sacrifices of all those who paid the ultimate sacrifice while serving our country. It is an honor and a privilege to host the Middle East Conflicts Wall of Honor. The wall includes the 7,200 names and faces of the fallen servicemen or servicewomen killed in action during Desert Storm, Desert Shield, and the current conflicts in Iraq and Afghanistan. Viewing the Wall of Honor is an emotional experience for many, and it serves to remind us of the sacrifices that were made for the freedoms we enjoy today. We invite you to join us during this week to remember their sacrifices, and honor their legacy.

Middle East Conflicts Wall of Honor is open to the public, free of charge, and on display 24 hour daily through May 31st at Oswego Village Hall, Wall of Honor Closed following the Closing Ceremony.
