SPECIAL USE REQUESTS

Please provide responses to the following statements:

1. The proposed Special Use complies with all applicable provisions of the applicable district regulations.

   This permit would be for a restricted landing area. This area is being approved by IDOT and would be in compliance with aeronautical code.

2. The proposed Special Use will not be unreasonably detrimental to the value of other property in the neighborhood in which it is to be located or the public welfare at large?

   There would be not detrimental effect to the nearby properties

3. The location and size of the Special Use, the nature and intensity of the operation involved in or conducted in connection with the property, and the location of the site with respect to the street giving access to it are such that the Special Use will not dominate the immediate neighborhood so as to prevent development and use of neighboring property in accordance with the applicable Zoning District Regulations. In determining whether the Special Use will so dominate the immediate neighborhood, consideration shall be given to:

   a. What are the location, nature and height of buildings, structures, walls and fence on the site?

      Not applicable, the proposed restricted landing area would be grass

   b. What is the nature and extent of proposed landscaping and screening on the proposed site?

      Not applicable, the proposed restricted landing area would be grass

4. Address off-street parking and loading area standards.

   The location is 15162 Harter Road DeKalb IL 60115
   Reference Exhibit B for the restricted landing area map and dimensions
5. Address drainage, utility and other such necessary facilities that have been or will be provided.

Not applicable, the proposed restricted landing area would be grass.

6. The proposed uses, where such developments and uses are deemed consistent with good planning practice or can be operated in a manner that is not detrimental to the permitted developments and uses in the district: can be developed and operated in a manner that is visually compatible with the permitted uses in the surrounding area; shall in all other respects conforms to the applicable regulations of the district in which it is located; and are deemed essential or desirable to preserve and promote the public health, safety and general welfare of DeKalb County.

The proposed restricted landing area would conform to all applicable regulations.
See Exhibit A for a description of runway use
See the Illinois Department of Transportation Application for Airport/RLA Certificate of Approval
EXHIBIT A

Zoning DeKalb County Illinois
May 18, 2020

Description of runway use at 15162 Harter Road DeKalb IL 60115

The runway will be used for agriculture eighty percent of the time and general aviation twenty percent of the time. To further describe the use of the runway see the following chart:

- January no use
- February - a few landings or about 2 hours per month
- March - 2 hours per month
- April - 2 hours per month
- May - 3 hours per month
- June - 3 hours per month
- July - 25 hours per month
- August - 25 hours per month
- September - 4 hours per month
- October - 2 hours per month
- November - 2 hours per month
- December - 2 hours per month

Each year may be different. The above times are averages and they may shift depending on weather. For example if we have an early spring I may have a few hours in March instead of April and sometimes we will fly more in August than July.

Regarding lights, the runway will have lights however they will be on the ground only activated when needed and less observable to the surrounding area than a farmyard light.
