All traffic control signs, signals, devices and markings which are in place on the adoption of this Code are hereby ratified and confirmed.

(Code 1979, § 14-1)

State Law reference — Powers of local authorities generally, 625 ILCS 5/11-208; power of County Board to restrict use of highways due to climatic conditions, 625 ILCS 5/15-316(a); signs required, 625 ILCS 5/15-316(b).

Sec. 15-A-2 Permits for Overwidth, Overlength and Overweight Vehicles

- A. The state has set maximum legal height, width, and weight limitations on all classes of highways in the state as published in the Illinois Vehicle Code 625 ILCS Chapter 15.
- B. The County highways are classified as class II, III and local road and streets and so designated and are under the jurisdiction and authority of the County Board.
- C. The Illinois Vehicle Code 625 ILCS Section 5/11-208 authorizes the County Board to enact restrictions as to the use of their highways concerning size, weight, and local regulations. As such vehicles weighing over 54,000 pounds gross weight, are prohibited from using the following roads when appropriate signage is posted at both ends of the following roads:
 1. Perry Road from Shabbona Road to South First Street
 2. Suydam Road from 701 feet west of Rollo Road proceeding on to West Suydam Road to South County Line.

Such prohibition does not extend to police, fire or other emergency vehicles or school buses or those vehicles which are making service calls, pickups or deliveries to residences, farms and construction sites on or adjacent to the roadways.

- D. Article III, section 5/15-301 of the Illinois Vehicle Code grants the discretion and authority to the County Board to issue special permits, upon application and good cause being shown therefore, authorizing the operation or movement of a vehicle or a combination of vehicles or a size (height or width) or weight of a vehicle or nondivisible loads exceeding the maximum specified in the applicable provisions of the Illinois Vehicle Code and Subsection C above upon highways under the jurisdiction and authority of the County Board.
- E. The County Board has determined that it is necessary and proper to charge a fee to compensate for the cost of maintaining and administering a special permit system to include the cost of the extra wear and tear on the mileage of highways over which the nondivisible load is to be moved, for overwidth, overlength and overweight vehicles using the County roadway system.
- F. That the County Board by separate resolution hereby establishes a fee schedule for the issuance of each permit to legally operate or move a vehicle over or across any highway on the County roadway system, of a size (height or width) or weight of vehicle or nondivisible load that exceeds maximum size (height or width) or weight specified in the Illinois Vehicle Code for designated County roads.
- G. The County Board authorizes and directs the County Engineer to issue appropriate overweight (for nondivisible loads only), overheight, or overwidth vehicle load permits upon good cause being shown in the application and payment of the appropriate fee.

- H. Application for a permit can be made by fax, phone, or in person to the County Highway Department using the County permit application. Permits can be issued by fax or in person and billing and payment will be accomplished every 30 days on a monthly basis.
- I. All permits issued to such vehicles shall be kept on the vehicle whenever such vehicle is operated on the roadways. In issuing such permits the County Engineer shall be permitted to direct and prescribe the route over such roadways upon which any such vehicle shall be permitted to travel.
- J. An appeal to the County Board's Highway Committee may be made by any person aggrieved by a decision of the County Engineer under this section in accordance with the Illinois Compiled Statutes and the following:
 - 1. An application for an appeal shall be filed with the County Clerk within 20 days of the date of the action from which the appeal is being filed, thereafter the County Clerk shall forward to the County Engineer a notice of appeal specifying the grounds thereof, and he shall forthwith transmit to the Committee all the papers constituting the record upon which the action appealed from was taken.
 - 2. The Committee shall fix a reasonable time for the hearing of the appeal and give due notice thereof to the parties and decide the same within a reasonable time. Upon the hearing, any party may appear in person or by agent or attorney. The Committee by a majority vote of those present may affirm or may reverse wholly or partly, or may modify the decision, and to that end shall have all the powers of the office from whom the appeal was taken.
- K. The County Engineer shall cause appropriate signs identifying the prohibition to be installed on County roads listed in Subsection C.
- L. As used in this section, the term "adjacent to" shall mean a property either directly abutting a County road listed in Subsection C, or a property abutting a side road when the most direct access to the said property is from a so listed roadway.

2. The administrative fee shall be in addition to:
 - a. Any other penalties that may be assessed by a court of law for the underlying violations;

 - a. Any notice under this section shall be in writing, and said notice shall indicate that the motor vehicle will remain impounded pending the completion of an administrative hearing, unless the registered owner, lessee, or a lienholder of record posts, with the sheriff, a bond equal to the administrative fee and pays for all towing and storage charges.

- b. Said notice shall inform the recipient of the right to an administrative hearing, and shall provide instructions on the exercise of that right.

 - a. All notices shall be served upon the registered owner or lessee within ten business day after a vehicle is seized and impounded; and

Said notice shall indicate that the motor vehicle will remain impounded pending the completion of an administrative hearing, unless the registered owner, lessee, or a lienholder of record posts, with the sheriff, a bond equal to the administrative fee as provided by section 70-59 of this division, and pays for all towing and storage charges.

Sec. 15-C-9 Cash/Credit Bond

If the owner of record of a vehicle impounded pursuant to this section desires to appeal the impoundment, the owner must make a request for a preliminary hearing within 24 hours of the impoundment (if served immediately) or within five (5) business days of the receipt of the notice provided. The request shall be in writing and filed with the sheriff or designee who shall conduct the preliminary hearing within 24 hours of the receipt of the request, excluding Saturdays, Sundays, or County holidays. All interested persons shall be given a reasonable opportunity to be heard at the preliminary hearing. The formal rules of evidence shall not apply at the preliminary hearing and hearsay evidence shall be admissible if it is of the type commonly relied upon by a reasonably prudent person. If after the hearing, the sheriff or designee, determines that there is cause to believe that the vehicle is subject to impoundment pursuant to this article unless the owner of record posts, with the County, a cash/credit bond in the amount of \$300.00 for a first offense, or \$500.00 for a second or subsequent offense, plus any costs of prosecution, and pays the tow and storage companies any applicable towing and storage fees. If the sheriff, or his designee, determines that the continued impoundment of the vehicle is without cause, the vehicle shall be returned to the registered owner without penalty of other fees.

6. *Rules.* The formal rules of evidence shall not apply and hearsay evidence shall be admissible.
7. *Burden.* The burden shall be on the party challenging the administrative fee to prove one of the available defenses by preponderance of the evidence.
