

Section 1: Regulated Facilities

EPCRA §11003(c)(1) reads: *List of facilities that store EHS, routes likely to be used in the transport of EHS, and those facilities that contribute or subjected to additional risk due to proximity to facilities that store EHS.*

The Local Emergency Planning Committee (LEPC) is required to identify facilities that use or store Extremely Hazardous Substances (EHS). A list of EHS substances can be found at the United States Environmental Protection Agency (USEPA) web site: <http://www.epa.gov/ceppo/ehs/ehslist.html>. This link is also repeated in Appendix B.

The LEPC is also required to identify routes that are likely to be used in the transport of EHS. The LEPC is also required to identify those facilities that contribute to or are subject to additional risk due to proximity to facilities that store EHS.

Facilities that store EHS

The LEPC has identified facilities with EHS from reviewing Tier II Reports. The data from these facilities have been entered into the CAMEO fm database program suite (CAMEO). The following list is a list of the facilities with EHS currently in CAMEO. The LEPC will continually maintain and improve this listing.

EHS Facilities in DeKalb County (Listed by City)

Facility Name	Street Address	City	State	Zip
Verizon Wireless	3782 State Rd 64	Clare	IL	60111
