

Preliminary Engineering Services New Lebanon Road Bridge

Overview:

The DeKalb County Highway Department is in need of Phase I & II engineering services for the replacement of the New Lebanon Road bridge (SN 019-4207) located 4 miles east of Genoa, IL in Genoa Township. The structure was closed to traffic on January 26, 2021. The intent is to expedite the preliminary engineering process for a July 2021 letting in order to replace the structure and have the road open to traffic in December 2021.

The project is expected to involve flood plain.

Consultant Scope of Services:

Phase I & II preliminary engineering services are needed for all necessary work to receive Design Approval and to prepare the plans, specifications and estimates (PS&E) package. This project is anticipated to be processed as a State Approved Categorical Exclusion. Specific tasks include but are not limited to:

- Data collection and survey
- Environmental studies coordination
- Prepare IDOT forms including the PDR
- Prepare contract plans and project special provisions/specifications
- Prepare estimates of cost and time

An environmental survey request is being submitted the week of January 25, 2021 by DeKalb County.

Phase I & II engineering are expected to be completed for a July 2021 letting. The construction cost for this project is estimated to be \$750,000.

Project Parameters:

1. Preliminary Engineering will be funded with local funds only.
2. The prime firm must be IDOT prequalified in the following categories:
 - Structures: Highway-Typical
3. The County has secured STR-Br funding for construction.
4. The construction contract will be awarded by the Illinois Department of Transportation.
