Definition of Elderly

Since no standard definition of "elderly" spans all governmental programs, the definition used within this request will be the age approved by the Governmental agency providing the majority of the funding or oversight for the proposed project. If no other standard has been set for that project, the age of sixty (60) years should be used.

Costs Incurred

All costs incurred in the preparation of a response to this request will be the responsibility of the bidder and will not be reimbursed by DeKalb County Government.

Target Population

Services provided with Senior Tax Funds should be available countywide to the extent that it is practical to do so.

The services purchased with Senior Tax funds should be targeted to those DeKalb County residents unable to purchase such services by their own means; however, the services may also be available to other DeKalb County senior citizens.

Audit and Accounting Requirements

The awarded agencies must have in place a fiscal accountability and management system sufficient to permit the tracing of funds to the level of expenditure to establish that the Senior Tax Levy Funds have been used as described in the Service Agreement. Such fiscal records shall be sufficient to permit the preparation of reports as required in the service agreement and be made available to authorized representatives of the DeKalb County Government for inspection. Agencies shall cooperate fully with any investigation or audit of these records. An annual audit must be performed by an independent certified public accountant that is licensed by the State of Illinois to conduct an audit with Generally Accepted Auditing Standards.

Review Process

The Health and Human Services Committee of the DeKalb County Board will review all bids and make recommendations for awards to the full DeKalb County Board. At the request of the Health and Human Services Committee any or all bidders may be provided with an opportunity to make an oral presentation and/or answer questions from the Committee. Funded agencies should anticipate a site visit to monitor program(s) on an annual basis.

Notification of Award

It is expected that service agreements will be negotiated with awarded bidders and bid awards will be made on or before the May 19, 2021 DeKalb County Board Meeting.

Method of Compensation

Payments will be made to awarded bidders only after sufficient documentation of services rendered has been submitted to the DeKalb County Community Mental Health Board. Please note that these agreements are for the purchase of services not agency grants.

No payments will be made unless and until sufficient tax funds are collected by the DeKalb County Collector.

Reporting Requirements

All awarded agencies are required to submit a Year End Activity Report on the form provided by the DeKalb County Community Mental Health Board approximately 30 days following the end of the period. This report will include information about the service provided and the success of the service in preventing premature institutionalization.

Modification, Waiver

Any modifications of Service Agreements for the use or amount of Senior Tax Levy Funds or waiver of any condition of the Services Agreements require prior written approval by the DeKalb County Board.

Termination, Sanction

The DeKalb County Board reserves the right to terminate, modify, or sanction any service agreement for cause. Cause for termination or sanction include, but not limited to, the misuse of funds, inability to perform contracted service, or the violation of any portion of the Service Agreement. DeKalb County reserves the right to require repayment of any or all funds not used in accordance with the Service Agreement.
