**PTELL – CPI for 2022 Extensions - Property Taxes Payable 2023**

TO: County Assessors, Clerks and Tax Extenders in Counties Containing Taxing Districts Subject to the Property Tax Extension Limitation Law (PTELL)

FROM: Brad Kriener  
Property Tax Division

DATE: 1/12/22

SUBJECT: CPI Change for 2022 Extensions (for property taxes payable in 2023) for Taxing Districts Subject to PTELL

The Consumer Price Index (CPI) "cost of living" or inflation percentage to use in computing the 2022 extensions (taxes payable in 2023) under PTELL is 5.0%

Section 18-185 of the Property Tax Code defines CPI as "the Consumer Price Index for All Urban Consumers for all items published by the United States Department of Labor." This index is sometimes referred to as CPI-U. Section 18-185 defines "extension limitation" and "debt service extension base" as "...the lesser of 5% or the percentage increase in the Consumer Price Index during the 12-month calendar year preceding the levy year..." (emphasis added).

For 2022 extensions (taxes payable in 2023), the CPI to be used for computing the extension limitation and debt service extension base is 5.0%. The CPI is measured from December 2020 to December 2021. The U.S. City Average CPI for December 2020 was 260.474 and 278.802 for December 2021. The CPI change is calculated by subtracting the 2020 CPI from the 2021 CPI. The amount is then divided by the 2020 CPI which results in 7.0% CPI.  $(278.802 - 260.474) / 260.474 = 7.0\%$ . The Statute indicates the lesser of 5% or the actual percentage increase, in this case 5% is the lesser amount.
