**Pre-Sentence Investigations**

Illinois Statutes require the preparation of offender background reports for the judiciary prior to a sentence being imposed. The reports include: (1) investigation of the offender's criminal history, including previous terms of community supervision or incarceration, past or present gang involvement, and history of violence and use of weapons; (2) the offender's personal information, including family of origin, current residence and family relations, educational and employment histories, financial situation, and military history; (3) the offender's health information, including physical health, mental health, drug and/or alcohol addiction histories, and any previous treatment history. The officers analyze the data they have collected and make specific recommendations as to the potential for rehabilitation, risk to the community, and sentencing options available to the Courts.

**Non-Reporting Probation Cases**

Defendants sentenced to Conditional Discharge are typically not required to check in directly with Probation, however officers monitor conditions of sentencing and perform functions such as preparing court reports, random drug testing, DNA collection, etc. Probation cases that are transferred to another jurisdiction for supervision are also monitored administratively by Court Services staff.

**Technical Violation**

A technical violation is when a defendant under an order of Probation violates one or more conditions set by the court in their sentencing order. Common examples include failing a drug test, not reporting to scheduled probation appointments, not completing court ordered treatment, etc.

**Criminal Violation**

A criminal violation is when a defendant under an order of Probation is charged with a new criminal offense.

# Treatment Court Update

9/17/21

The DeKalb County Treatment Courts was granted continuation funding through Adult Redeploy Illinois, which funds the majority of the Treatment Courts. Our current grant started on 7/1/2021 and runs through 6/30/2022, with a total budget of \$495,856. We have unfortunately shown a continued reduction in revenue from the fees collected through the clerk's office. We are very fortunate to have been able to move these costs over to the grant, so that we are able to operate on a balanced budget.

We also receive funding from the 708 mental health board, that pays for our peer mentor support position. Additionally, we have received one-time funding from the 708 mental health board to purchase a vehicle for the treatment courts which is in process.

The DeKalb County Sober Living House continues to be operational, and currently has six individuals in the house, with a capacity of seven. The residents are doing very well, and keep the house in very good shape. The participants of the house are earning Community Restitution Service hours (required by the program) by painting the exterior stair cases and decks. Once this project is completed, we will be painting the exterior of the home, due to the fading of the current siding. We are proud to be able to utilize participants of our program to complete this work, as the only cost to the budget is the cost of the supplies. We are grateful for the house, and are looking forward to completing these projects.
